

## Broker and Broker Support Roles

---

There's a difference between Broker and Broker Support roles within DriveOnline. Each login can only have one role associated with it however we can assign two logins to an individual if both roles are required.

Action	Broker	Broker Support
Can own applications	✓	
Can create, edit and submit applications	✓	✓
Can see all Broker applications for the brokerage		✓
Must assign to a broker upon creation of quote or application		✓
Reporting functionality	✓	✓
